

## Optional Endorsement Workplace Violence / Active Shooter

There has been an alarming rise in the frequency of workplace violence incidents. Recent high profile cases have particularly highlighted the growing threat of “lone-wolf attacks” to a diverse group of businesses including educational institutions, religious organizations, and the entertainment and hospitality sectors.

Tokio Marine HCC - Specialty Group has a product tailored to help businesses protect themselves and their employees, guests, and visitors should the unthinkable happen. Our Workplace Violence Endorsement, which can be added to our Kidnap and Ransom policies, includes not only financial and reputational protection, but the assistance of an expert Crisis Management team to guide you every step of the way should an incident occur.
